WORK EXPERIENCE

DevRev
Lead **Product Designer**   01/2024 - Present

Leading key product initiatives at DevRev while also supporting design operations and mentorship as Site Lead for the India team. Focused on complex systems like Workflow Builder and Developer Tools.

Product Designer   09/21 - 01/24

Joined as one of the first designers at DevRev, contributing to early app experiences and core features like Search and Support, and helping shape foundational design systems.

Cohesity – User Experience Designer
06/2019 - 09/2021

I worked on the experience design for a range of features in Cohesity's enterprise products. I was also responsible for conducting usability tests, accessibility audits, and documenting Cohesity's design system.

InfoEdge Ltd. (Naukri.com) – Product Design Intern
05/2018 - 07/2018

Summer internship at the Naukri.com vertical of Infoedge Ltd, where I worked on revamping the recruiters' section of the website.

National Institute Of Design – Student Designer
01/2018 - 08/2018

Selected as a student designer to assist a faculty member - Mr Chakradhar Saswade - in designing the identity and brand guidelines for Indian Institute of Technology, Tirupati

EDUCATION

National Institute of Design, Bangalore
M.Des. Information Design
2017 - 2019

National Institute Of Fashion Technology, New Delhi
B. Des. Communication Design
2013 - 2017

ABOUT

I'm a systems-focused designer who brings clarity to complex, ambiguous problems. I enjoy working in technical spaces, translating constraints into intuitive, scalable solutions - with process, structure, and care at the core of how I design.

ACHIEVEMENTS

Top Talent at the **Adobe Design Achievement Awards 2019** for the academic project Brease
05/2019

First Runners' Up at **Samsung E.D.G.E.** - a national competition to ideate solutions for making Samsung the 'brand of choice for millennials'
12/2018
